DATE November 10 2020 POINT OF ORIGIN _____

The property described below, in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading set forth (1) in Official, Southern, Western and Illinois Freight Classifications in effect on the date hereof, if this is a rail or a rail-water shipment, or (2) in the applicable motor carrier classification or tariff if this is a motor carrier shipment.

Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns

DATE Nov. 21 2020 POINT OF ORIGIN Williston

The property described below, in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading set forth (1) in Official, Southern, Western and Illinois Freight Classifications in effect on the date hereof, if this is a rail or a rail-water shipment, or (2) in the applicable motor carrier classification or tariff if this is a motor carrier shipment.

Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

Donna,

I talked to Lynn and he said we will keep paying for them until the work is done as they told us they couldn't get to all the sites until April.

We have seen Burke Divide invoices on reclamation documentation and now I have one invoice in my hands. We are out of CARES ACT money. Are we paying these? If so, how long do we process these?

The Waste Generator of Waste Generator's Authorized Representative, certifies the above described waste is properly classified and is not a hazardous waste, and the information given is true and complete. They have read the instructions on the application form and understand their responsibilities. Based on a program of representative sampling and analysis the waste stream is not a hazardous waste according to Environment Waste Control Regulations. Specifically, the Generator has determined that the waste is not "Flammable", "Corrosive", "Reactive", "Toxic", or "listed" as defined in the above-referenced regulations, and assume all environmental, transportation and disposal liabilities if this waste is later determined to be a hazardous waste.

Re: AB Wells Reclamation Bid Package 16

Dear Mr. VanderBusch:

We have completed reclamation of the sites identified in Bid Package #16 and enclose for your review the following:

1) Final invoice along with supporting documentation.

2) Sundry Notices and Reports on wells – Form 4 (Reclamation).

3) Aerial imagery – before and after reclamation. Note – Original files on flash drive will be hand delivered by Pinnacle Engineering.

4) Report of Capped line locations:
   Neshem 2 – 5 locations
   Neshem 4 – 1 location
   Neshem 5 – 1 location
   Neshem 7H – 1 location
   Neshem 8 – 1 location
   Mann A SWD1 – 2 locations
   Pearson 1 – No caps (lines removed).
   Felt A1 – No caps (lines removed).

5) Soil Sample Test Results (samples taken a bottom of excavation).

It is our hope you will find the enclosed to be complete and in the proper form. We stand ready to address any questions you may have.

A final note – as I indicated in the cover letter accompanying our return contract on October 6, it is with personal satisfaction that I have a role, not only with the development of these locations but also with their reclamation. I know my father, who owned not only the land but also the construction company that performed the initial development, would also be pleased with how it has turned out.

It happens that seven of these locations are still owned by members of the Neshem family which, by the way, gave my company great motivation to do a good job.

Sincerely,

GRATECH COMPANY, LLC

Hello all,

Attached is the scan for the total package 16 with bookmarks. I'll start working on entering in NS tomorrow. The originals are in a box on Donna's desk. I have not saved the scan on any of the shared drives, if you a good spot let me know.

Thanks,
-Evan

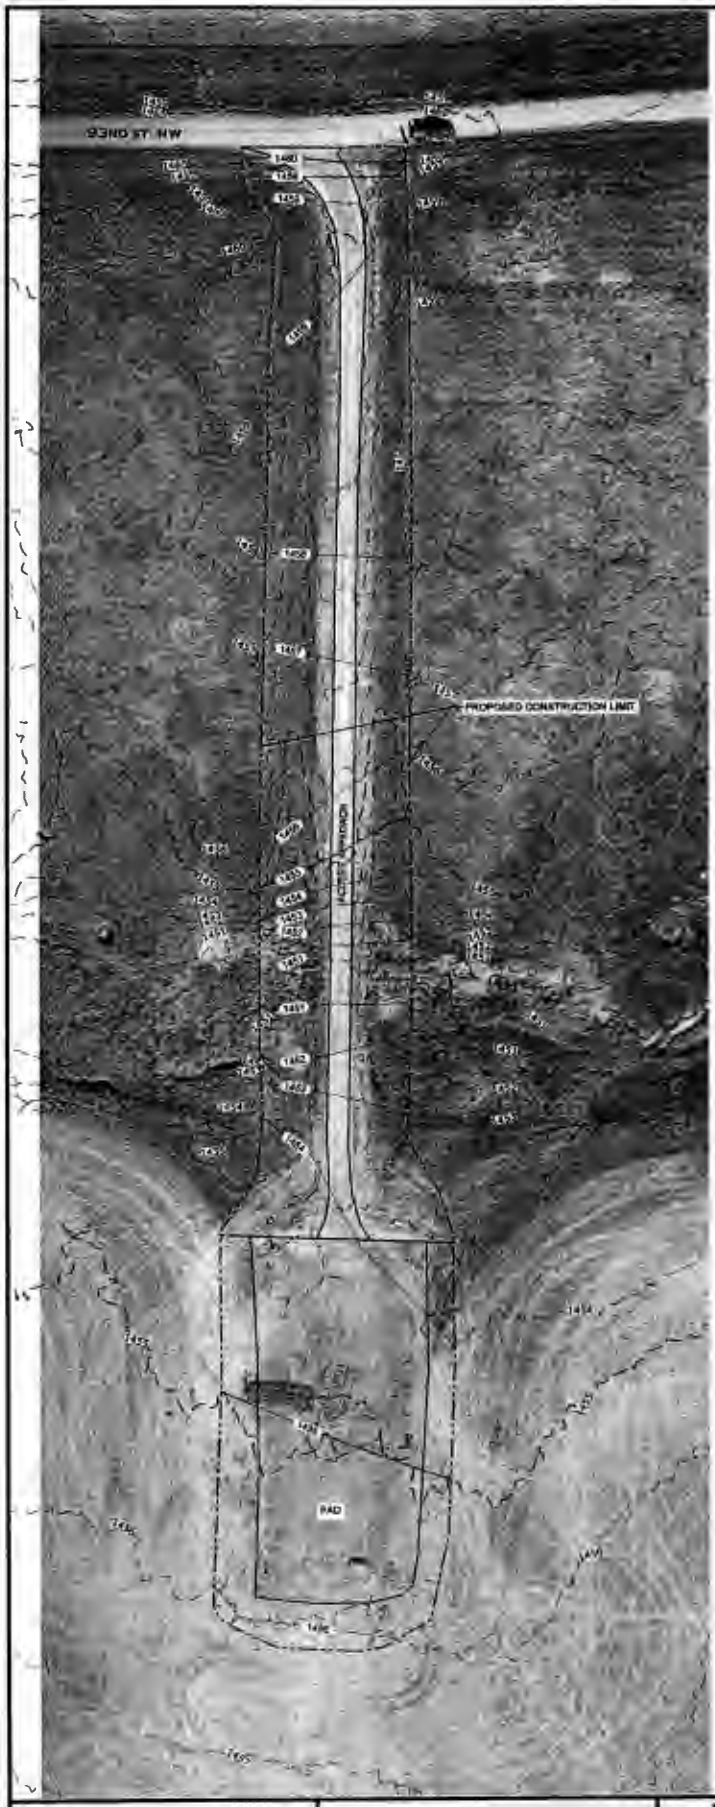
TO: Stuart Rothe



The following is a breakdown of our reclamation plan for Newburg Spearfish Charles M717 and U 709

1. Remove concrete, wire and piping down to 3ft
2. Remove impacted soil and dispose of at Clean harbors landfill
3. Blade up gravel from pad and lease road and remove from site.
4. blade lease road and pad to existing grade of fields adding topsoil as needed to reach a minimum of 6 inches.
5. Seed with state approved Seed if needed.

This work is being done for the State of North Dakota Industrial Commission. If you have any concerns or questions, please feel free to call Chuck Gohl at 828-558-1111.

Field Ticket	Description
10002218	**11/6/2020** Tenneco Facility - Mobilized to facility. Used backhoe to knock down containment wall next to knockout pot. Disconnected and cut up flare lines. Moved man-lift inside containment and began taking off manways. Had to use pry bar to scrap and knock out foam insulation around flange and bolts. Took manways off of main treater. Took the top and middle manway off of the test treater. Started tearing pipe off of knockout. Cleaned up work area.
10002230	**11/7/2020** Tenneco Facility - Mobilized to location. Started backhoe and manlift to let warm up. Finished taking manway off of knockout. Took insulation off of production lines running from treater to tanks. Disconnected pipe and cut up in 10 ft sections. Loaded pipe on forks of backhoe and took over to Eugene pad and put in scrap metal bin. Loaded insulation and tin into dump trailer and drove over to Eugene pad. Unloaded dump trailer by hand into trash dumpster. Drove backhoe back to Tenneco battery. Dug up electrical panels and lines and cut 3ft below ground surface. Cut flowline risers (x14) and pulled manifold off. Put manifold on edge of location with the rest of scrap. Used backhoe to dig out and expose flowlines in the ground (x14). Cut, plugged and cemented 5 flowlines. Cleaned up work area.
10002263	**11/8/2020** Tenneco Facility - Cleaned tanks at Tenneco battery.
10002314	**11/10/2020** Tenneco Facility - Cleaned tanks/treaters/KO at Tenneco battery.
10002401	**11/19/2020** Tenneco Facility - Rental of manlift to remove covers from heater treaters and clean/flush treaters and tanks. Vac truck and hot oil truck for cleaning tanks and treaters, disposal fees.
10002423	**11/19/2020** Tenneco Facility - Mobilized to location. Completed final site cleanup and punch list. Coordinated removal of dumpsters.
10002482	**11/22/2020** Tenneco 1-17 Beaver Creek - Disposal fees for flushing flowline.

Description

Tenneco Facility - Mobilized to location. Started backhoe and manlift to let warm up. Finished taking manway off of knockout. Took insulation off of production lines running from treater to tanks. Disconnected pipe and cut up in 10 ft sections. Loaded pipe on forks of backhoe and took over to Eugene pad and put in scrap metal bin. Loaded insulation and tin into dump trailer and drove over to Eugene pad. Unloaded dump trailer by hand into trash dumpster. Drove backhoe back to Tenneco battery. Dug up electrical panels and lines and cut 3ft below ground surface. Cut flowline risers (x14) and pulled manifold off. Put manifold on edge of location with the rest of scrap. Used backhoe to dig out and expose flowlines in the ground (x14). Cut, plugged and cemented 5 flowlines. Cleaned up work area.

Elizabeth:

It looks like this invoice 20-19866 was recalled on 11/20 as the same tickets were also invoiced on 20-20034. Invoice 20-20034 is correct and complete. I included the email thread below from that request.

Both invoices 20-19866 and 20-20034 were paid in this recent group on 12/10.

Thanks,
Have a great day

Elizabeth:

Thank you for your quick response.

I have verified all but one line from the remittance detail provided. The payment on invoice 20-19866 is not coming up in my system.

Can you provide the invoice scan or other information regarding this invoice?

I want to ensure that the invoice was not sent by someone else in my office before issuing a credit back to Badlands Contracting.

Thanks,
Have a great day

Hi Cody,

The remaining invoices were uploaded to the Share Point folder today. Attached is an invoice summary.

https://badlandscont.sharepoint.com/:f:/s/RFP/Ekga_5WsmpFIg_mRNDTT5cUBswPYAljQx_9HPfcQc-H_Uw?e=gHXc3e

We are working on finalizing the turnover documents and will get those to you shortly.

Thanks!

Hi Cody,

The remaining invoices were uploaded to the Share Point folder today. Attached is an invoice summary.

https://badlandscont.sharepoint.com/:f:/s/RFP/Ekga_5WsmpFIg_mRNDTT5cUBswPYAljQx_9HPfcQc-H_Uw?e=gHXc3e

We are working on finalizing the turnover documents and will get those to you shortly.

Thanks!

Field Ticket	Description
10002294	**11/10/2020** Crooks Facility - Used man-lift to take off man way hatches on treater (x3). Removed building off of tank that was covering man way on tank and flowlines with backhoe.
10002300	**11/11/2020** Crooks Facility - Drove to location. Started backhoe and let warm up. Once backhoe was warmed up, dug out electrical lines and panels on Crook Battery and location across the road from battery. Dug up flowlines (x4) on pad across the road from battery, cut, plugged, cemented and taped lines. Took pictures and got coordinates for each line. Flushed treater. Drove over to Crook Battery, removed building from treater and staged on the edge of location. Began digging out flowlines. Flowlines were running underneath one another and flare line was running over and under flowlines as well. Had to knock down containment wall in three spots. Once lines were separated, dug flowlines to edge of pad. Contacted State Official. Cleaned up work area and returned to hotel.
10002304	**11/12/2020** Crooks Facility: Drove to location. Started backhoe and let warm up. Continued exposing 3 of the 4 flowlines. Once they were at the edge of location, cut, plugged, cemented and taped ends. Took pictures and got coordinates for pipe. Backfilled flowline trenches with backhoe. Began digging around were risers were at for treater to find line 4. Once line was found, dug to the edge location, cut, plugged, cemented and taped end of pipe. Took picture and got coordinates for pipe. Backfilled trench partially. Dug out electrical lines and panels.
10002378	**11/17/2020** Crooks Facility - Cleaned out two oil tanks.
10002531	**11/23/2020** Crooks Facility - Mobilized to location. Loaded scrap into dump trailer. Drove dump trailer to scrap yard in Minot, ND. Weighed in/out and drove back to hotel.
10002644	**12/1/2020** Crooks Facility - Tank cleaning.
10003056	**11/30/2020** Crooks Facility - Contaminated Soil Removal and Demolition of Facility

Description

Crooks Facility - Drove to location. Started backhoe and let warm up. Once backhoe was warmed up, dug out electrical lines and panels on Crook Battery and location across the road from battery. Dug up flowlines (x4) on pad across the road from battery, cut, plugged, cemented and taped lines. Took pictures and got coordinates for each line. Flushed treater. Drove over to Crook Battery, removed building from treater and staged on the edge of location. Began digging out flowlines. Flowlines were running underneath one another and flare line was running over and under flowlines as well. Had to knock down containment wall in three spots. Once lines were separated, dug flowlines to edge of pad. Contacted State Official. Cleaned up work area and returned to hotel.

THE CAT SCALE GUARANTEE

The CAT Scale Company guarantees that our scales will give an accurate weight. What makes us different from other scale companies is that we back up our guarantee with cash.®

WEIGH WHAT WE SAY OR WE PAY®

If you get an overweight line from the state **AFTER** one of our CAT Scales showed a legal weight, we will immediately check our scale and we will:

(1) Reimburse you for the cost of the overweight line if our scale is wrong, **OR**
(2) A representative of CAT Scale Company will appear in court **WITH** the driver as an expert witness if we believe our scale was correct.

WEIGH FASTER WITH OUR APP. FIND OUT MORE AT WEIGHMYTRUCK.COM

IF YOU SHOULD GET AN OVERWEIGHT FINE, YOU SHOULD DO THE FOLLOWING TO GET THE PROBLEM RESOLVED:

1) Post bond and request a court date.
2) Call CAT Scale Company direct 24 hours a day at 1-877-CAT-SCALE, ext. 7 (Toll Free) or visit www.catscaleguarantee.com for instructions.
3) **IMMEDIATELY** send a copy of the citation, CAT Scale Ticket, your name, company, address, and phone number to CAT Scale Company Attn: Guarantee Department.

*The four weights shown below are separate weights. The GROSS WEIGHT is the CERTIFIED WEIGHT and was weighed on a full length platform scale. All weights are guaranteed by CAT Scale.
