To

Counsel,

I am sending you this email and updated procedure for continuance requests because you frequently appear at the Commission's oil and gas hearings. The purpose of the updated procedure is to promote a more efficient and orderly process for monthly hearings.

Procedures for Continuance Requests:

Requests to continue a case to the following month's hearing docket must be submitted no later than 5:00 p.m. on the business day preceding a scheduled hearing.

If a continuance request is not received by 5:00 p.m. on the business day before a hearing is scheduled, the Commission requests that you appear in person at the hearing and make your request for a continuance verbally on the record.

This procedure will assist Commission staff in maintaining an accurate and current docket and will reduce last-minute correspondence received immediately before hearings.

Thank you for your cooperation.
