FEDERAL STANDARD TERMS AND CONDITIONS

Federal Standard Terms and Conditions

SECTION 1 – DAVIS BACON ACT REQUIREMENTS

40 U.S.C. parts 3141–3144, 3146, 3147; 42 U.S.C. part 3212 The Davis-Bacon Act – Requires that all contractors and subcontractors performing construction, alteration and repair (including painting and decorating) work under federal or District of Columbia contracts in excess of \$2,000 pay their laborers and mechanics not less than the prevailing wage and fringe benefits for the geographic location. Construction or renovation projects funded by federal funds, in whole or in part, are subject in their entirety to the Davis-Bacon Act as amended 40 U.S.C. parts 276(a) through 276(a-5). Award recipients are required by law to furnish assurances to the Secretary of Labor that all laborers and mechanics employed by contractors or subcontractors on DOI-supported construction projects shall be paid wages at rates that are not less than those prevailing on similar construction in the locality, as determined by the Secretary of Labor.

40 U.S. Code Sec. 3141. Definitions

In this subchapter, the following definitions apply:

(1) *Federal government.*- The term "Federal Government" has the same meaning that the term "United States" had in the Act of March 3, 1931 (ch. 411, 46 Stat. 1494) (known as the Davis-Bacon Act).²

(2) *Wages, scale of wages, wage rates, minimum wages, and prevailing wages.*- The terms "wages", "scale of wages", "wage rates", "minimum wages", and "prevailing wages" include-

(A) *the basic hourly rate of pay; and*

(B) *for medical or hospital care, pensions on retirement or death, compensation for injuries or illness resulting from occupational activity, or insurance to provide any of the forgoing, for unemployment benefits, life insurance, disability and sickness insurance, or accident insurance, for vacation and holiday pay, for defraying the costs of apprenticeship or other similar programs, or for other bona fide fringe benefits, but only where the contractor or subcontractor is not required by other federal, state, or local law to provide any of those benefits, the amount of-*

(i) *the rate of contribution irrevocably made by a contractor or subcontractor to a trustee or to a third person under a fund, plan, or program; and*

(ii) *the rate of costs to the contractor or subcontractor that may be reasonably anticipated in providing benefits to laborers and mechanics pursuant to an enforceable commitment to carry out a financially responsible plan or program which was communicated in writing to the laborers and mechanics affected.*

40 U.S. Code Sec. 3142. Rate of wages for laborers and mechanics

(a) *Application.*- The advertised specifications for every contract in excess of \$2,000, to which the Federal Government or the District of Columbia is a party, for construction, alteration, or repair, including painting and decorating, of public buildings and public works of the Government or the District of Columbia that are located in a State or the District of Columbia and which requires or involves the employment of mechanics or laborers shall contain a provision stating the minimum wages to be paid various classes of laborers and mechanics.

(b) *Based on Prevailing Wage.*- The minimum wages shall be based on the wages the Secretary of Labor determines to be prevailing for the corresponding classes of laborers and mechanics employed on projects of a character similar to the contract work in the civil subdivision of the

State in which the work is to be performed, or in the District of Columbia if the work is to be performed there.

(c) *Stipulations Required in Contract.*- Every contract based upon the specifications referred to in subsection (a) must contain stipulations that-

(1) the contractor or subcontractor shall pay all mechanics and laborers employed directly on the site of the work, unconditionally and at least once a week, and without subsequent deduction or rebate on any account, the full amounts accrued at time of payment, computed at wage rates not less than those stated in the advertised specifications, regardless of any contractual relationship which may be alleged to exist between the contractor or subcontractor and the laborers and mechanics;

(2) the contractor will post the scale of wages to be paid in a prominent and easily accessible place at the site of the work; and

(3) there may be withheld from the contractor so much of accrued payments as the contracting officer considers necessary to pay to laborers and mechanics employed by the contractor or any subcontractor on the work the difference between the rates of wages required by the contract to be paid laborers and mechanics on the work and the rates of wages received by the laborers and mechanics and not refunded to the contractor or subcontractors or their agents.

(d) *Discharge of Obligation.*- The obligation of a contractor or subcontractor to make payment in accordance with the prevailing wage determinations of the Secretary of Labor, under this subchapter and other laws incorporating this subchapter by reference, may be discharged by making payments in cash, by making contributions described in section 3141(2)(B)(i) of this title, by assuming an enforceable commitment to bear the costs of a plan or program referred to in section 3141(2)(B)(ii) of this title, or by any combination of payment, contribution, and assumption, where the aggregate of the payments, contributions, and costs is not less than the basic hourly rate of pay plus the amount referred to in section 3141(2)(B) of this title.

(e) *Overtime Pay.*- In determining the overtime pay to which a laborer or mechanic is entitled under any federal law, the regular or basic hourly rate of pay (or other alternative rate on which premium rate of overtime compensation is computed) of the laborer or mechanic is deemed to be the rate computed under section 3141(2)(A) of this title, except that where the amount of payments, contributions, or costs incurred with respect to the laborer or mechanic exceeds the applicable prevailing wage, the regular or basic hourly rate of pay (or other alternative rate) is the amount of payments, contributions, or costs actually incurred with respect to the laborer or mechanic minus the greater of the amount of contributions or costs of the types described in section 3141(2)(B) of this title actually incurred with respect to the laborer or mechanic or the amount determined under section 3141(2)(B) of this title but not actually paid.

40 U.S. Code Sec. 3143. Termination of work on failure to pay agreed wages

Every contract within the scope of this subchapter shall contain a provision that if the contracting officer finds that any laborer or mechanic employed by the contractor or any subcontractor directly on the site of the work covered by the contract has been or is being paid a rate of wages less than the rate of wages required by the contract to be paid, the Federal Government by written notice to the contractor may terminate the contractor's right to proceed with the work or the part of the work as to which there has been a failure to pay the required wages. The Government may have the work completed, by contract or otherwise, and the contractor and the contractor's sureties shall be liable to the Government for any excess costs the Government incurs.

40 U.S. Code Sec. 3144. Authority of Comptroller General to pay wages and list contractors violating contracts

(a) *Payment of Wages.*-

(1) *In general.*- The Comptroller General shall pay directly to laborers and mechanics from any accrued payments withheld under the terms of a contract any wages found to be due laborers and mechanics under this subchapter.

(2) *Right of action.- If the accrued payments withheld under the terms of the contract are insufficient to reimburse all the laborers and mechanics who have not been paid the wages required under this subchapter, the laborers and mechanics have the same right to bring a civil action and intervene against the contractor and the contractor's sureties as is conferred by law on persons furnishing labor or materials. In those proceedings it is not a defense that the laborers and mechanics accepted or agreed to accept less than the required rate of wages or voluntarily made refunds.*

(b) *List of Contractors Violating Contracts.-*

(1) *In general.- The Comptroller General shall distribute to all departments of the Federal Government a list of the names of persons whom the Comptroller General has found to have disregarded their obligations to employees and subcontractors.*

(2) *Restriction on awarding contracts.- No contract shall be awarded to persons appearing on the list or to any firm, corporation, partnership, or association in which the persons have an interest until three years have elapsed from the date of publication of the list.*

40 U.S. Code Sec. 3146. Effect on other federal laws

This subchapter does not supersede or impair any authority otherwise granted by federal law to provide for the establishment of specific wage rates.

40 U.S. Code Sec. 3147. Suspension of this subchapter during a national emergency

The President may suspend the provisions of this subchapter during a national emergency.

40 U.S. Code Sec. 3148. Application of this subchapter to certain contracts

This subchapter applies to a contract authorized by law that is made without regard to section 3709 of the Revised Statutes (41 U.S.C. 5), or on a cost-plus-a-fixed-fee basis or otherwise without advertising for proposals, if this subchapter otherwise would apply to the contract.

42 U.S. Code Sec. 3212. Maintenance of standards

All laborers and mechanics employed by contractors or subcontractors on projects assisted by the Secretary under this chapter shall be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with subchapter IV of chapter 31 of title 40. The Secretary shall not extend any financial assistance under this chapter for such a project without first obtaining adequate assurance that these labor standards will be maintained upon the construction work. The Secretary of Labor shall have, with respect to the labor standards specified in this provision, the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 F.R. 3176; 64 Stat. 1267), and section 3145 of title 40.

SECTION 2 – BUILD AMERICA, BUY AMERICA ACT

Pub. L. No. 117-58, §§ 70901-52 Build America, Buy America (BABA) Act – The BABA strengthens the Buy American and Hire American Executive Order No. 13,858 2017, and requires that no later than May 14, 2022, the head of each covered Federal agency shall ensure that “none of the funds made available for a Federal financial assistance program for infrastructure, including

each deficient program, may be obligated for a project unless all of the iron, steel, manufactured products, and construction materials used in the project are produced in the United States.”

Property solely on private land with no public access is not subject to Buy America. In addition, a Buy America waiver has been approved as described below:

The DOI is proposing a general applicability waiver of the Buy America Domestic Preference procurement requirements for DOI’s Federal Financial Assistance awards to provide recipients of financial assistance agreements with sufficient time to apply the Buy America preferences without having to disrupt current projects and to allow projects to continue to be executed swiftly without jeopardizing performance goals. This waiver action permits the use of non-domestic iron, steel, manufactured products, and construction materials in such projects that may otherwise be prohibited under section 70914(a) during the specified time period, while recipients of DOI Federal financial assistance agreements work to incorporate the new Buy America requirements.

SECTION 3 – CONSTRUCTION PROJECTS REQUIREMENTS

40 U.S.C. parts 3701-3708 The Contract Work Hours and Safety Standards Act

(1)Overtime requirements. No Contractor or subcontractor contracting for any part of the Contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any work week in which he or she is employed on such work to work in excess of forty hours in such work week unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2)Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (b)(1) of this section the Contractor and any subcontractor responsible therefore shall be liable for the unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3)Withholding for unpaid wages and liquidated damages. The DOI or the Recipient or Subrecipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same prime Contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4)Contracts and Subcontracts. The Recipient, Subrecipient, and Recipient’s and Subrecipient’s contractor or subcontractor shall insert in any Contracts, the clauses set forth in paragraph (b)(1)through (4) of this section and also a clause requiring the subcontractors to include these

clauses in any lower tier subcontracts. The Recipient shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

(5) The Contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the Contract for all laborers and mechanics, including guards and watchmen, working on the Contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. The records to be maintained under this paragraph shall be made available by the Contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the DOI and the Department of Labor, and the Contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

48 CFR 22.403-2 The Copeland (Anti-Kickback) Act (18 U.S.C.874 and 40 U.S.C.3145) - makes it unlawful to induce, by force, intimidation, threat of procuring dismissal from employment, or otherwise, any person employed in the construction or repair of public buildings or public works, financed in whole or in part by the United States, to give up any part of the compensation to which that person is entitled under a contract of employment. The Copeland Act also requires each contractor and subcontractor to furnish weekly a statement of compliance with respect to the wages paid each employee during the preceding week. Contracts subject to the Copeland Act shall contain a clause (see 52.222-10) requiring contractors and subcontractors to comply with the regulations issued by the Secretary of Labor under the Copeland Act.

SECTION 4 - ENVIRONMENTAL PROJECTS REQUIREMENTS

42 U.S.C. part 4321 The National Environmental Policy Act – NEPA establishes protection of the environment as a national priority and mandates that environmental impacts must be considered before any federal action likely to significantly affect the environment is undertaken.

42 U.S.C. part 7401 Clean Air Act, 33 U.S.C. part 1251 Clean Water Act, and Executive Order No. 11,738 Providing for administration of the Clean Air Act and the Federal Water Pollution Control Act with respect to Federal contracts and financial assistance.

16 U.S.C. part 1531 The Endangered Species Act – Ensures that actions they authorize, fund, or carry out are not likely to jeopardize the continued existence of any listed species or result in the destruction or adverse modification of designated critical habitat of such species. The law also prohibits any action that causes a "taking" of any listed species of endangered fish or wildlife. Likewise, import, export, interstate, and foreign commerce of listed species are all generally prohibited.

16 U.S.C. part 1271 The Wild and Scenic Rivers Act – Applies to awards that may affect existing or proposed components of the National Wild and Scenic Rivers system.

42 U.S.C. part 300f The Safe Drinking Water Act of 1974 – Precludes Federal assistance for any project that the United States Environmental Protection Agency (US EPA) determines may contaminate a sole source aquifer so as to threaten public health.

42 U.S.C. part 9601 The Comprehensive Environmental Response, Compensation, and Liability Act – These requirements address responsibilities related to hazardous substance releases, threatened releases and environmental cleanup. There are also reporting and community involvement requirements designed to ensure disclosure of the release or disposal of regulated substances and cleanup of hazards to state and local emergency responders.

Executive Order No. 13,658, 2014 Establishing a Minimum Wage for Contractors – Establishes a minimum wage requirement for Federal contractors and subcontractors. The Order provides agencies shall, to the extent permitted by law, ensure that new covered contracts, contract-like instruments, and solicitations include a clause, which the contractor and any subcontractors shall incorporate into lower-tier subcontracts, specifying, as a condition of payment, that the minimum wage to be paid to workers, including workers whose wages are calculated pursuant to special certificates issued under 29 U.S.C. part 214(c), in the performance of the contract or any subcontract.

SECTION 5 - OTHER STATUTE AND REGULATION REQUIREMENTS

2 C.F.R. part 1401 Requirements for Drug-Free Workplace – Under the Drug-Free Workplace Act of 1988, 41 U.S.C. parts 701-707 a drug-free workplace policy is required for any organizations receiving a federal financial assistance award of any size. At a minimum, such organizations must: (1) Prepare and distribute a formal drug-free workplace policy statement. (2) Establish a drug-free awareness program. (3) Ensure that all employees working on the federal contract understand their personal reporting obligations. (4) Take direct action against an employee convicted of a work place drug violation. (5) Maintain an ongoing good faith effort to meet all the requirements of the Drug-free Workplace Act throughout the life of the award. This rule does not apply to foreign public entities or foreign organizations.

43 C.F.R. part 18 New Restrictions on Lobbying – The Authorized Representative's signature on the application submitted to the DOI bureau or offices certifies to the statements in 43 C.F.R. part 18, Appendix A Certification Regarding Lobbying. These provisions prohibit the use of Federal funds for lobbying the executive or legislative branches of the Federal government in connection with an award, and require disclosure of the use of non-Federal funds for lobbying (31 U.S.C. part 1352). Any recipient (See Definition in 43 C.F.R. part 18.105(o)) that requests or receives (31 U.S.C. part 1352(2)(b) more than \$100,000 in Federal funding and has made or agrees to make any payment using non-appropriated funds for lobbying in connection with a proposal or award shall submit a completed Form SF-LLL, "Disclosure of Lobbying Activities," regarding the use of non-Federal funds for lobbying. The Form SF-LLL shall be submitted at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed. Recipient includes all contractors and subgrantees at any tier of the recipient of funds received in connection with a Federal grant, loan, or cooperative agreement.
