2025

Areas of landslides were investigated within this quadrangle based on a review of county historical aerial photography flown in 1961 and 1962 by the United States Department of Agriculture (USDA). Additional data sources include digital orthophotography from the USDA National Agriculture Imagery Program (NAIP) flown in September 2024 and the North Dakota Geological Survey LiDAR Map Series, which compiles raw data flown in April to October 2021 from the North Dakota State Water Commission. From this investigation, no landslides were mapped within the quadrangle.
