

Areas of Landslides

Reeder Quadrangle, North Dakota

Christopher A. Maike

2025

Landslides identified on this quadrangle were mapped from stereo pairs, black and white 1:20,000 scale aerial photographs flown in 1957 by the United States Department of Agriculture (USDA). Additional data sources include digital orthophotography from the USDA National Agriculture Imagery Program (NAIP) flown in August 2022 and the North Dakota Geological Survey LiDAR Map Series, which compiles raw data flown in November 2021 from the North Dakota State Water Commission. From this investigation, no landslides were mapped within the quadrangle.

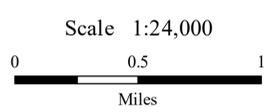

ROAD CLASSIFICATION

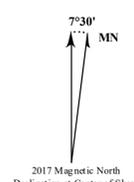

- Expressway (thick red line)
- Secondary Hwy (red line)
- Ramp (red line with blue triangle)
- Local Connector (thin black line)
- Local Road (black line)
- 4WD (dashed black line)
- Interstate Route (blue shield)
- US Route (white shield)
- State Route (black circle)
