Incident Reported in Billings County

BISMARCK, N.D. - The North Dakota Oil and Gas Division was notified of a release that occurred Friday, June 22 at the Cypress Green River salt water disposal well, about nine miles north of Belfield, North Dakota.

Cypress Energy Partners reported Monday that 773 barrels of brine and 20 barrels of oil were released and contained within the diking on-site due to a tank leak. All product has been reported as recovered and a state inspector will be on location this week.
