RE: Post Plot Maps

Dear Betsy:

In reviewing our files for the seismic program listed below, our records indicate that you submitted a post plot map displaying the approximate location of the shot line and hole locations.

In an effort to further identify the location of each individual shot hole, we are requesting a map displaying the exact location of the shot holes or a computer file from the survey company identifying the coordinates.

Should you have any questions regarding this matter, feel free to contact our office.

Sincerely,

David C. Hvinden
Geophysical Regulation Supervisor

Dear Gary:

Our records indicate that your company was a plugging contractor for the above captioned program. Please be advised that pursuant to North Dakota Administrative Code Section 43-02-12-06 any person plugging seismic holes must submit a plugging report and affidavit detailing the plugging of each seismic shot hole.

For your convenience we have enclosed a seismic hole plugging affidavit to attach to the requested reports to date.

Should you have any questions with regard to this matter, feel free to contact our office.

Sincerely,

David C. Hvinden
