RE: Geophysical Exploration Permits # 970105
 Corey Butte 3D extension
 Bowman County, North Dakota

Dear Mr. Scheetz:

Please be advised that we are in receipt of your Geophysical Exploration permit and have conditionally approved your permit effective for one year from September 9, 2005.

Please review the following conditions for your permit:

1. A pre-program meeting with state seismic inspector Tom Torstenson may be required. You must contact him at 701-227-7436 (w) or 701-290-1546 (cell) at least 24 hours prior to any exploration operations.
2. All variances for distance restrictions are to be furnished, and a pre-plot map displaying any source points that do not comply with the distance restriction rule must be supplied to the inspector.
3. The post plot map must show all water wells, buildings, underground cisterns, pipelines, and flowing springs that fall within the program area and within one half mile of the perimeter of the program.
4. If available, a SEG PI with all source and receiver points should be made available to the Oil and Gas Division upon filing of the seismic completion report within 30 days of the completion of the program.

In an effort to improve surface owner awareness, it is required that you furnish copies of section 38-11.1 of the NDCC to any mineral developers with whom you contract so that they or their agents may distribute this notice to all surface owners located in, or within a one-half mile perimeter surrounding all seismic programs permitted in the future.

Should you have any questions regarding this matter, feel free to contact me at 701-328-8037, or Tom Torstenson at the number listed in paragraph 1.

Sincerely,

Kelly Triplett
Geophysical Permit Manager

Bowman, ND 58623

RE: Geophysical Exploration
Permit # 970105

Dear Sheriff Teigen:

Pursuant to Section 38-08.1-04.2 of the North Dakota Century Code, please be advised that Grant Geophysical Company was issued the above captioned permits on September 9, 2005 and will remain in effect for a period of one year.

Should you have any questions, please contact our office.

Sincerely,

Kelly Triplett
Geophysical Permit Manager
