SERVICES

PLEASE VISIT THE NORTH DAKOTA INDUSTRIAL COMMISSION OIL AND GAS DIVISION WEB SITE AT:

http://explorer.ndic.state.nd.us

Current fee services include all oil and gas field orders, daily activity reports, current monthly production by well, scanned well files, and weekly drilling rig list. Future fee services will include basic well information, monthly production volumes on a field basis, scanned case files, etc. These future services may require additional fees. There is no time estimate available for when these additional services will become available. Please check the Oil and Gas home page at http://explorer.ndic.state.nd.us for updates.

Annual Production Report and Drilling Statistics
Available in Electronic and Hard Copy Versions

This report includes a listing of all wells that have ever produced in North Dakota. The well listing includes monthly production (oil, gas, and water), current well status, cumulative production (oil and water), completion date, well spacing, and annual runs and lease use. All information is sorted alphabetically by field, formation, and operator. Other production information included are statewide production by pool and county, saltwater disposal, and injection of water and gas for the purpose of enhanced recovery.

An ASCII text version of the 1998 and 1999 Annual Oil Production Statistics is available for $25.00 each. Specify if you want it sent on a diskette or by e-mail.

In the hard copy version, in addition to all the production statistics listed above, a compiled listing of yearly drilling statistics which includes the number of wells drilled and the total footage drilled for each classification of well (development, extension or wildcat) are included.

Available May 15 of the following year.

Issues available in hard copy:

$10.00: 1980, 1981, 1983, 1984, 1985, 1986, 1988, 1989, 1992, 1993, 1994, 1995.
$25.00: 1998*, 1999*.

*Also available in ASCII text version.

Monthly Production Report
Available in Electronic and Hard Copy Versions

This report includes a list of all wells capable of producing for that month. This well list includes monthly production totals (oil, gas, and water), number of days produced, and runs and lease use for that month, all sorted by field, pool, and operator.

This is available in Microsoft Excel format. Visit our web site under Fee Services for sign up form and fee information: http://explorer.ndic.state.nd.us

For nonsubscribers to our web site an ASCII text version of the monthly production report is available on diskette for a cost of $10.00.

In the hard copy version, in addition to the information listed above, is a list of permits and field spacing orders issued during the month.

The hard copy subscription period includes January through December production data. All new subscriptions will be accepted in January, any subscriptions submitted later than that should be prorated $2.00 per month. Cost - $24.00 annually.

Industrial Commission Hearing Docket
Available in Electronic and Hard Copy Versions

A docket of all cases to be heard by the Industrial Commission each month is available for $36.00 per year. The subscription period for this list is May through April, all new subscriptions will be accepted in March, any subscription submitted later than April should be prorated $3.00 per month with the subscription expiring in April. Cost - $36.00 annually.

Visit our web site to access the electronic version free of charge: http://explorer.ndic.state.nd.us

Industrial Commission Hearing Dockets and Resulting Orders
Available in Electronic and Hard Copy Versions

A complete listing of all Industrial Commission cases to be heard that month, as well as any orders issued as a result of the hearings. The subscription period is from May through April, with new subscriptions accepted in March, any subscriptions submitted later than April should be prorated $12.50 per month with the subscription expiring in April. Cost - $150.00 annually.

Visit our web site to access the docket free of charge; however orders are available as part of the fee services: http://explorer.ndic.state.nd.us

Weekly Permit List

This lists all oil and/or gas well permits issued during the week. This includes the name of the operator, well name and location, permit number, field, formation, well classification and total depth. The subscription period runs from September through August, with new subscriptions accepted in July and any subscriptions submitted later than August should be prorated $3.00 per month.

Cost - $36.00 annually.

Log Tops of North Dakota on CD-ROM

Selected log tops were picked using all available logs in the files of the Oil and Gas Division. Tops used are those generally recognized, but some interpretations may vary and some are difficult to pick with consistency across the state. The general rule was to omit tops unless we were relatively confident of the pick. Computer entries have not been checked for errors.

The tops are in Microsoft Excel 95/5.0-Excel 97 format.

Microsoft and Excel are trademarks or registered trademarks of Microsoft Corporation.

Cost - $150.00; Updates - $50.00

Visit our web site for further information: http://explorer.ndic.state.nd.us

Continuous Well Log Copying

This service provides a continuous copy of all well logs in our library. All orders should include the well location, preferred log type, scale, and interval desired.

Cost - $.10 per copied linear foot (subject to change).

Exhibit Case Files Available

This service provides the capability of copying oversized cross-sections, structure maps, location maps, mud logs, as well as other exhibits we have not offered in the past.

Cost - 8½ x 11" - $.25, 11 x 17" - $.50, 24 x 36" - $1.00, 30 x 42" - $1.50, continuous 18" wide - $.40/ft.

Computer Generated Printouts and Graphics

The following printouts and graphics are just a sample of information that can be provided. Due to the variety of ways this data may be presented, we request that you contact our office for further details.

* Footages include wells that were lost due to down hole problems, abandoned horizontal well footage, pilot holes, recompletions, injection, disposal and re-entry wells.
** Includes wells drilled strictly for saltwater disposal and enhanced recovery.
