Log Tops of North Dakota on CD-ROM

Selected log tops were picked using all available logs in the files of the Oil and Gas Division. Tops used are those generally recognized, but some interpretations may vary and some are difficult to pick with consistency across the state. The general rule was to omit tops unless we were relatively confident of the pick. Computer entries have not been checked for errors.

The tops are in Microsoft Excel format.

Cost - $25.00

Continuous Well Log Copying

This service provides a continuous copy of all well logs in our library. All orders should include the well location and preferred log type.

Cost - $.10 per copied linear foot (subject to change).

Digital and Image Log Availability

Previously scanned well logs in the NDIC Oil & Gas Division's inventory are available on CD ROM at a cost of $8.00 for the first scanned log and no charge for each additional log requested from the same log suite. If you prefer, these logs may be e-mailed to you at a cost of $3.00 for the first log scan and no charge for each additional log requested from the same log suite. There is no charge for each additional log requested in the same log suite. If you prefer, these logs may be e-mailed to you at a cost of $10.00 for the first log scan and no charge for each additional log requested from the same log suite.
