PLEASE VISIT THE NORTH DAKOTA INDUSTRIAL COMMISSION
OIL AND GAS DIVISION WEB SITE AT:
www.dmr.nd.gov/oilgas/

Basic Subscription: The GIS map server, a complete index of all wells permitted in North Dakota in a Microsoft Excel spreadsheet saved with Zip compression. The scout ticket data contains basic well information, log tops, completion data, initial production tests, cumulative production and injection volumes, drill stem test recoveries. The well files are scanned into Adobe PDF documents that include all forms, letters, geological reports, drill stem test reports, core analysis reports, and other miscellaneous information. All well files are available, except for confidential wells or confidential information. Production and injection histories are available on a well, unit or field-pool basis. $50.00 per year

Premium Subscription: Includes all information in the Basic Subscription, plus oil and gas field orders, scanned case files, hearing audio, digital and image well logs, cored intervals, core photographs, thin section photographs, stripper well determination assistant, and unitization statistics. $175.00 per year

No Charge Services: GIS, current drilling rig list, rules and regulations, daily activity reports, fill-in forms in Adobe Acrobat PDF or Microsoft Excel formats, hearing dockets, live hearing web casts, statewide production, drilling statistics, seismic activity, searchable basic well data, surface owner notice, employee contacts, and links. Our GIS web pages include the following: basic well data with lateral and directional legs, field and unit boundaries, inspector areas, State, Federal and Indian lands, and aerial photos.

Annual Production Report and Drilling Statistics
Available in Electronic and Hard Copy Versions

This report includes a listing of all wells that have ever produced in North Dakota. The well listing includes monthly production (oil, gas, and water), current well status, cumulative production (oil and water), completion date, well spacing, and annual runs and lease use. All information is sorted alphabetically by field, formation, and operator. Other production information included are statewide production by pool and county, saltwater disposal, and injection of water and gas for the purpose of enhanced recovery. The report also includes a compiled listing of yearly drilling statistics which includes the number of wells drilled and the total footage drilled for each classification of well (development, extension or wildcat).

A paper copy or an Adobe PDF version is available back to 1998. The cost is $30.00 per report.

New reports are available July 1 of the following year.

Monthly Production Report
Available in Electronic and Hard Copy Versions

This report includes a list of all wells capable of producing for that month. This well list includes monthly production totals (oil, gas, and water), number of days produced, and runs and lease use for that month, all sorted by field, pool, and operator. A list of permits and field spacing orders issued during the month is also included at the end of the report.

The hard copy subscription period includes January through December production data. All new subscriptions will be accepted in January, any subscriptions submitted later than that should be prorated $3.00 per month. Cost - $36.00 annually. Canadian subscriptions $72.00 (**in U.S. Funds**), prorated $6.00 per month.

The monthly production report is also available in a searchable Adobe Acrobat PDF format. The cost of this report is $12. All new subscriptions will be accepted in January, any subscriptions submitted later than that should be prorated $1.00 per month (**in U.S. Funds**).

Monthly production information is also available in an HTML table format on our web site. Visit our web site under Subscription Services for sign up form and fee information: www.dmr.nd.gov/oilgas/

Industrial Commission Hearing Docket
Available in Electronic and Hard Copy Versions

A docket of all cases to be heard by the Industrial Commission each month is available for $36.00 per year. The subscription period for this list is May through April, all new subscriptions will be accepted in March, any subscriptions submitted later than April should be prorated $3.00 per month with the subscription expiring in April. Cost - $36.00 annually.

Visit our web site to access the hearing dockets free of charge in an Adobe Acrobat PDF format: www.dmr.nd.gov/oilgas/

Industrial Commission Orders
Available in Electronic and Hard Copy Versions

A complete set of Industrial Commission orders issued as a result of the hearings. The subscription period is from May through April, with new subscriptions accepted in March. Any subscriptions submitted later than April should be prorated $9.50 per month with the subscription expiring in April. Cost - $114.00 annually.

Visit our web site to access the hearing dockets free of charge; however, orders are available as part of the Subscription Services: www.dmr.nd.gov/oilgas/

Weekly Permit List

This lists all oil and/or gas well permits issued during the week. This includes the name of the operator, well name and location, permit number, field, formation, well classification and total depth. The subscription period runs from July through June, with new subscriptions accepted in June. Any subscriptions submitted later than July should be prorated accordingly per month.

Cost - $45.00 annually for the paper copy
$36.00 annually for the emailed version

Log Tops of North Dakota on CD-ROM

Selected log tops were picked using all available logs in the files of the Oil and Gas Division. Tops used are those generally recognized, but some interpretations may vary and some are difficult to pick with consistency across the state. The general rule was to omit tops unless we were relatively confident of the pick. Computer entries have not been checked for errors.

The tops are in Microsoft Excel format.

Cost - $25.00

Continuous Well Log Copying

This service provides a continuous paper copy of all well logs in our library. All orders should include the well location and preferred log type.

Cost - $.10 per copied linear foot (subject to change).

Digital and Image Log Availability

Previously scanned well logs in the NDIC Oil & Gas Division's inventory are available on CD ROM at a cost of $8.00 for the first scanned log and no charge for each additional log requested from the same log suite. If you prefer, these logs may be e-mailed to you at a cost of $3.00 for the first log scan and no charge for each additional log requested from the same log suite. (Please check with your e-mail service provider to verify that maximum file attachment size restrictions will not inhibit e-mail delivery of logs.)

For requests where paper logs must be pulled from the NDIC Oil & Gas Division's inventory, there will be a $15.00 fee, which will include a scanned image of one well log on CD ROM. There is no charge for each additional log requested in the same log suite. If you prefer, these logs may be e-mailed to you at a cost of $10.00 for the first log scan and no charge for each additional log requested from the same log suite. (Please check with your e-mail service provider to verify that maximum file attachment size restrictions will not inhibit e-mail delivery of logs.)

Some well logs are available as digital Log ASCII (LAS) formatted files for $3.00, plus no charge per log trace. These may be provided on CD ROM or e-mail.

Well Log Scanning Service

If you are unable to provide a TIFF (*.tif) file for image logs that you are required to file with the NDIC Oil and Gas Division, please submit one paper log copy and a check or money order for $15.00, along with the completed "Well Log Scan Form" for each well log to be scanned. Our staff will create a black and white scanned image at a resolution of 150 dpi, formatted as a TIFF file and mail it to you on a CD ROM.

All fees for digital logs, image logs, and log scanning services must be prepaid.

Checks or money orders should be made payable to the NDIC Oil & Gas Division, 600 E. Boulevard Avenue, Dept. 405, Bismarck, ND 58505-0840. Credit cards are also accepted.

Soil Remediation Publication

A Guide for Remediation of Salt/Hydrocarbon Impacted Soil is now available for free download in 8-1/2 x 11 page size or 5-1/2 x 8-1/2 page size. A hardcopy version in a ring binder is available for $10.

Visit our web site to download the free Adobe PDF format: www.dmr.nd.gov/oilgas/

Computer Generated Printouts and Graphics

* Footages include wells that were lost due to down hole problems, abandoned horizontal well footage, pilot holes, recompletions, injection, disposal, and re-entry wells.

** Includes wells drilled strictly for saltwater disposal, enhanced recovery and water supply, wells with horizontal legs added, and wells re-entered.

Well completed: February 2, 2000

Spacing Unit: West half 320 acres

SE 1/4 NE 1/4 Section 23, Township 151 North, Range 101 West

Status of Well: Artificial Lift

October production: 371 B/O, 750 B/W, 272 MCF produced in 30 days

Runs and Lease Use: 939 bbls/oil sold and/or used on lease.

C - O is the cumulative oil production since the well began producing. C - W is the cumulative water production. C - G is the cumulative MCF gas.

Field-Pool

Aug Pool Totals: 715 B/O, 3399 B/W, 1573 MCF/gas

North Dakota File Number

SAMPLE PAGE

Explanation of Well Status

AI = Air Injection

AL = Artificial Lift

F = Flowing

GI = Gas Injection

PNA = Producer Now Abandoned

SI = Shut In

SWD = Saltwater Disposal

TA = Temporarily Abandoned

WI = Water Injection

WS = Water Supply

Explanation of Spacing Units

SE SE = 40 Acres

SSE = 80 Acres

SE = 160 Acres

S2 = 320 Acres

SEC = 640 Acres

*** = 2 Wells per Spacing Unit**

G = Gas Reservoir

U = Unit

Well Production Data for 2008
